SOUTHERN AFRICA'S PREMIER SHOW FOR GENERAL AVIATION

In co-operation with

Host City

Venue

Organised by

AERO South Africa is Southern Africa's premier B2B trade show for General Aviation. The event offers a platform for General Aviation Companies from around the globe to come together and conduct business whilst building relationships within the industry. Our aim is to connect global General Aviation with the African market and to showcase the latest technology and trends in the International General Aviation landscape.

ABOUT AERO SOUTH AFRICA

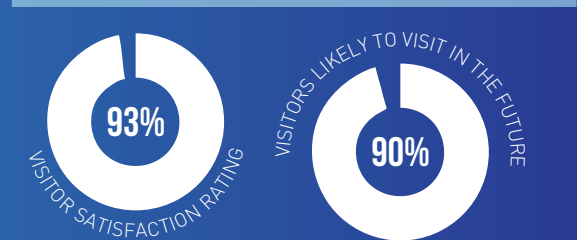

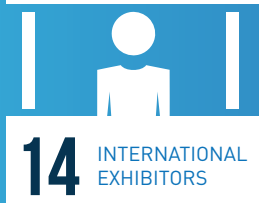

AERO South Africa is Southern Africa's premier General Aviation trade show, covering a spectrum of services and products for the General Aviation Industry, offering the opportunity to visitors to discover new developments and technology in this industry. After the launch event in 2019, this trade show has already garnered the reputation as the 'not to be missed' event on Southern Africa's General Aviation event calendar.

Meet with leading industry experts, General Aviation enthusiasts and business owners, flight training schools, pilots, business and private aircraft owners, over this 3-day trade show offering demonstrations, informative sessions, experiential activations and face-to-face business meetings.
